

# **BILLING**

# **CHANGE**

Enclosed you will find your monthly billing statement for services subscribed with Sand Prairie. Effective starting with this statement, all bill statements will be issued on the 3rd of the month and due on the 24th of the month. Members billed for days of service into July, on last month's bill, will see a shorter/prorated bill for this month.

***If you have auto-pay set up, AND have selected a recurring payment date after the 24th of the month, please change your payment profile to the 24th or a day earlier in the month to avoid any late payments.***

This only affects statements for Sand Prairie services. Members with electric and/or natural gas will see those bill statements on their regular billing cycles.
