

FREE classes in technology— from your co-op!

JCE Co-op is launching a new program to help older adults in the co-op's service area learn new skills and make new friends.

In partnership with Senior Planet, a national nonprofit which harnesses technology to change the way older Americans age, JCE Co-op will be offering classes and workshops about technology and other topics.

SENIOR PLANET
FROM **AARP**

Pick a location that works best for you!

We are excited to help bring Senior Planet from AARP's world class programming to local seniors in our area. This program is designed to deliver innovative classes to help seniors get online and stay engaged and active in their communities.
